Article III – Shooting Regulations

Note: Any infraction of the rules will result in a 5 point deduction from the shooters score, unless noted otherwise. Any additional or concurrent violations will result in the disqualification of the shooter.

Section A – General

1. No alcoholic beverages or illegal drugs may be carried or consumed on any range or practice area by anyone during shooting hours. **(If, in the opinion of a range official, a shooter is suspected of being under the influence of alcohol or drugs, the range official can deny the shooter participation in any M.A.C. competition.)**
2. Shooters will be allowed to shoot **one time** and in **one class only**, at any sanctioned M.A.C. event.
3. Once a shooter begins a course, he/she must finish with his/her own group or as assigned by a range official. **(Violation will result in disqualification.)**
4. Any shooter leaving the range without following the guidelines pertaining to Equipment Failure will be disqualified. (Equipment failure guidelines are explained in Article III, Section C, #4.)
5. There is to be **NO** discussion of yardage until target has been scored. Discussion is restricted to shooters that have already shot said target. **(Violation will result in a 5 point deduction.)**

6. Range finding devices are only allowed on ranges, during qualifying events or at the championship for Known Classes.

For those classes other than the Known Yardage the following will apply: While shooting any MAC event, you may not have any one with in your group (shooting or not shooting) or communicate with anyone outside your group that has a range finding device. If reported and found true your score will be thrown out as a disqualification.

7. Cell phones and cell phones with cameras can be carried on the range but **are not to be used. Devices must be on silent, vibrate, or turned off (they are to be carried for emergency reasons only; they are not to be used for communication with other shooters or for picture taking). If used for a non-emergency reason that person will be disqualified. If an electronic device makes noise (such as a phones/lpads/etc ring tone going off accidentally, vibration to loud etc) a penalty of 20 points will be deducted from the shooter with a warning, second time shooter is disqualified.**

7a. – Picture taking with a Camera will only be allowed on the range during any MAC event if approval is granted by the Host Club. Individuals must have proof of approval on them at all times.

8. Spectators will not distract, interfere, coach, or assist shooters while on the range. **(Violators of this rule will be removed from the course and shooter could be disqualified.)**
9. A shot gun start will start the shoot on both days of the championship tournament.

Schedule for Championship

ALL SHOOTERS MUST PRE-REGISTER PRIOR TO CHAMPIONSHIP SHOOT - THERE WILL BE “NO” ONSITE REGISTRATION

CHECK- IN WILL BEGIN AT 7:30 A.M. both Saturday and Sunday of the Championship

ENDING PROMPTLY AT 8:30 A.M.

8:30 AM Assembly and Assignment of targets will begin.

9:00 AM shot gun start. **Everyone starts at the same time NO EXCEPTIONS**

10. Awards for classes shot are to be given out the same day as they shoot.
Awards must be claimed within 60 days or they could be discarded.

Section B – Course Regulations

1. Pictures of all targets must be available at all Qualifier Shoots and the Championship Shoot.
Pictures of the targets being used must be placed at **ONE** of the following locations with the vital areas distinguishable; Registration Desk. Range tents. Shooting Stakes or Copies of the pictures may be passed out to each shooter.
2. Ranges are to consist of (30) 3D type animal targets. Mixture of targets (size, type, etc.) must have official I.B.O. scoring.

3.a). Targets are to be set at fixed unmarked distances up to approximately 50 yards maximum. No pop up targets, moving targets, tree stands or elevated platform shots or hunting blind shots are not allowed. All shots must be taken from the ground at all M.A.C. events. (Yardage should be kept in proportion with target size. For example: Moose at 50 yards, Skunk at 25 yards.)

3b.)Targets must be placed in a perpendicular position, Vitals must be visible clear shot, must be an unobstructable shot from all stakes (taking into consideration short, tall, right handed, left handed shooters). (added)

4. No multiple shooting stakes will be allowed at the Championship Shoot.

5. Stakes farthest from the target must be shot first, unless otherwise directed by a shoot official.

6. The shooter must touch the stake with a portion of his/her body. (Violation will result in a 5 point deduction.)

7. Any shooter found manipulating stakes or targets on the course will automatically be disqualified from that shoot.

8. One golf size umbrella only, may be used at the shooting stake. (Violation will result in a 5 point deduction.)

9. Allotted Shooting Time (Violation will result in 5 point deduction for each shot that goes over the allowed shooting time.)

a. The first shooter of each group will be allowed (2) minutes to shoot his/her arrow and the remaining shooters will be allowed (1) minute. For the first shooter, time begins when the group in front of you clears the target or if the target is clear, when your group approaches. For remaining shooters, time begins when the shooter in front of you releases his/her arrow.

b. In consideration of time, no shooter may glass the target from the shooting stake after taking his/her shot. Shooters may glass the target prior to shooting but are reminded of the time restriction for their shot.

c. Each group is responsible for the shooters within their group. If other groups or a range caption point out the slowness to your group, then it is your group's responsibility to speed up and stay within the allotted time. If this is protested again a range caption will be assigned to monitor the group and will assess penalty points for violations. If violations are confirmed the entire group can have (5) points deducted from each shooter's score.

Section C – Equipment Regulations

****Refer to your Class description as well as the Equipment Regulations. ****

1. General

a. Hand held binoculars may be used at all sanctioned M.A.C. events.

b. Circle pins may be used if all circles are the same size.

c. If a fixed pin/cross hair sight is used because the class specifications call for it, it may **not** be adjusted while on the range during any M.A.C. event.

d. String suppressers may be used provided they are not modified from factory or have additional weight or optional weight from manufacture added. If weight is added to string suppressers or vibration dampeners they will be considered a stabilizer. Example Limb-Savers vibration dampener, Chubby Hunter stabilizer is a stabilizer

e. There is no limit to the number of pins on a sight **except** in the Hunter classes.

f. Limb bolts. Once a shooter begins a course, their limb bolts may **NOT** be adjusted until after the equipment can be checked by a range official at the completion of that course.

g. Overdraws are legal in all classes **except** Traditional Long Bow.

h. A bow scale and an arrow scale will be made available to check your equipment **prior** to shooting the M.A.C. Championship. This will be done at each club's discretion for Qualifier Shoots and a **mandatory check for the Championship Shoot**.

i. Equipment may not be exchanged during a course except as pertaining to Article III, Section C, #4 – Equipment Failure.

j. No equipment added to the bow can come back to rest on any other part of the body or ground.

k. A Lock-A-Draw or any device that keeps an archery bow at full draw is not allowed.

2. five grains per pound

a. Shooter's arrow must weigh a minimum of at least five grains per pound of shooting weight. Shooting weight is defined as the peak draw weight (maximum draw weight or thrust weight, whichever is greater) that is obtained within the maximum draw cycle. Shooters will be allowed five grains for scale differences.

Shooters at the maximum end of a weight allowed for a class will be allowed two pounds for scale variation but arrow weight must follow bow weight. Equipment will be checked at random.

b. All shooters, shooting at the Championship may be required to have their equipment checked; this will be decided by the M.A.C. Board of Directors and may be done before, during or after the Championship shooting round. A shooter that will place at the championship will be required to have their equipment checked before a place can be awarded to them. The shooter upon request must produce non-altered equipment after the shoot but before the awards.

C. It is the shooters responsibility to maintain their equipment within this rule.

Check manufacturer's recommendation concerning arrow weight per pound of bow weight. It is recommended that you do not shoot an arrow weighing less than the minimum recommendation for your bow.

3. Maximum Peak Bow Weight.

a. A maximum of 80 pound peak bow weight in all adult male classes except Traditional which is 90 pounds. A maximum of 60 pounds peak bow weight in all Female and Young Adult and Youth classes is allowed. A maximum of 40 pounds peak bow weight in all Cub & Pup classes will be allowed.

c. A two-pound variance for bow scale variation will be allowed.

d. Any equipment that falls outside of the existing guidelines will be put in the Open class until such time that the M.A.C. Board of Directors can make a ruling to decide which class that the equipment in question should be placed.

4. Equipment Failure

a. Equipment failures must be visible and agreed upon by the majority of the group. Upon agreement, the shooter must have his/her scorecards initialed by the entire group as an equipment failure. The scorecards of the shooter with the equipment failure will be totaled and initialed by the scorekeepers before leaving the range. At that time, the shooter (with the equipment failure) only, must proceed forward through the course to the range tent and notify a range official.

b. If there are 3 or more shooters remaining in the group, they may continue shooting. If two or less shooters remain, they must join the following group (unless by joining the following group, it will make a group of 6 or more) or step aside and await a range official before continuing. The range official will hold the individual's scorecards until the repair is completed and he/she is escorted back onto the range. The range official will determine the amount of time necessary to make the needed repairs. The time element will not be abused. A range official must escort all persons re-entering the range to the designated target.

Section D – Shooting Fees

Note: A shooter must be present at all qualifier shoots and pay his/her entry fee in person.

(i.e. No sending in entry fee just to qualify.)

1. Qualifier Shoots

a. A fee of \$7.00 in addition to the club's fee will be charged to shoot a Qualifier Shoot except for the Open Money class. At the Qualifier OPM will be charged \$32.00 in addition to the club fee (\$20.00 / purse.- \$5.00/1st Place-,\$7.00 qualifier fee).

Section G – Scoring

1. General

- a. No one may score his/her own official card.
- b. Double scoring shall occur at the Championship Shoot for all classes. This means that each shooter will be issued (2) scorecards. There will be 2 scorekeepers per group for the championship.

At **ALL** M.A.C. events, the shooter is solely responsible for making sure that their scorecard is legible, completed in its entirety, signed, accurately totaled, and submitted to the registration desk. All errors on scorecards must be circled, corrections made, and initialed by both scorekeepers. Any inaccuracies on the scorecard found after it has been submitted to the registration desk, regardless of cause, will result in a 20-point deduction from the total points scored on that particular card. Notice to the shooter will be emailed/mailed along with a copy of the corrected card showing inaccuracy. Names of **ALL** scorekeepers will be put on scorecards. To the extent that a majority of the M.A.C. Board of Directors believe that the shooter signed a scorecard that reflects a total score greater than the score actually shot, the shooter shall be ineligible to compete in any M.A.C. sanctioned event for one year immediately following the Board's determination.

- c. Shooters are responsible for their own cards. Duplicate cards will not be issued for any lost, damaged, or stolen cards.
- d. All scorecards will be kept until the conclusion of the Championship/Shoot year.

e. For all sanctioned M.A.C. events, the scoring will be as follows:

11 – Small circle centered within the ten rings. Approximately 25% of the ten ring will be used. Arrow must at least touch the circle. This score would reflect an 11 on the scorecard.

10 – Circle inside the vital area. Arrow must at least touch the circle.

8 – Vital area other than the 10 point circle. Arrow must at least touch the vital area line.

5 – Remainder of the animal touching body color.

0 – A hit in the horn or hoof not touching body color, any other miss or glance off target.

f. Counting the total number of 11's will break a tie. After that total is compared and the tie still exists, counting the total number of 10's will break a tie, then 8 and 5. If a tie exists at the championship and it determines a trophy placing there will be a shoot off, regardless of number of 11's and such. Shoot off will take place in an area preferably where others can watch. Shoot off will be in the distance limitations for the class that the shoot off is for and will consist of a sudden death and the shooting area will be such that the shooters will stand side by side and have the opportunity to shoot at the same time. If a tie still exists, shooting area will be moved a sudden death shoot off will take place again and repeated until winner has been determined (target change is up to the host club). Shooters arrows will be retrieved for them and the shooters are not to approach the target until a winning round has been shot and scored by the designated scorers and then at that time both shooters will be called to the target to find out the outcome.

g. If multiple scoring zones are facing the shooter, the target should be marked as to the scoring zone that should be used. (Example: this can be done as verbal at the sign-up desk or marking non-scoring zones with tape or stickers)

h. Targets must be scored by both scorekeepers before arrows are pulled. Early pulled arrows score a 0. Repeated offenses will result in the offending shooter to be disqualified.

i. To score, arrows must be stuck in the target. Witnessed pass thru's or bounce outs are to be scored as agreed on by the majority of the group or re-shot before shooters advance to the target. A pass through is defined as an arrow passing completely through a target with material 360 degrees around the arrow, leaving both an entrance and an exit hole.

j. An arrow that is embedded into thenock end of an arrow that is embedded in the target (robin-hood) will be scored the same as the embedded arrow. An arrow that does visible damage to an arrow already embedded in the target and does not stick in the target will receive the score of the damaged arrow (group majority decision). If the arrow does stick in the target, it will be scored where it is embedded.

k. Any arrow released accidentally or deliberately will be, if not in scoring area of target, scored as a 0. Any arrow that is dropped and can be recovered while touching the stake may be re-knocked and re-shot.

2. Shooter of the Year Scoring

- a. A shooter of the Year award will be given in each class except for the Money classes. To qualify for this award, you must shoot a minimum of (4) Qualifier shoots plus the Championship shoot in the same class.

b. This award will be based on the total points accumulated for highest (4) Qualifier Shoots plus the Championship. High points wins.

d. Shooter of the year points are awarded as follows at all MAC Shoots including the Championship.

1st place for each class will receive 10 points.

2nd place for each class will receive 9 points.

3rd place for each class will receive 8 points.

10 places or less will be awarded Shooter of the Year points. The Championship Shoot will be the tie breaker.

e. Shooter of the Year standings will be posted as soon as Score Cards are received from Host Club and verified by MAC Central, so that members may always know their current standings.

3. Qualifying for the Championship Shoot

a. A shooter is "qualified" to participate in the Championship Shoot if their score is in the top 1/3 of their class at an individual Qualifier Shoot. The top 1/3 of the class is based on the scores. (If there are 2 people that shot identical scores, that score would count as 1 score.) KOPM & OPM rules will apply for their individual classes. Known yardage rules will apply to known yardage class.

b. Once a shooter is qualified, that shooter is not counted when determining the qualified shooters from the results of the next Qualifier.

c. A minimum of 3 shooters will be qualified in each class.

d. KOPM and OPM class must shoot a minimum of 3 shoots to qualify for the Championship purse.

e. Attachment 2 & 3 for examples.

4. Peer Grouping

a. All Groups **will be** Peer Grouped.

b. Youth peer groups will have an assigned scorekeeper. (No parents allowed with group to score.)

c. Peer assignment at the Championship Shoot shall be at random selection through registration. If at any time you are required to shoot in a peer group and choose not to do so, your score will be ineligible for any awards (individual and/or team) or titles, whether trophy, cash purse, or Championship title.

d. Any person(s) walking the course cannot help the shooters. No individual (walker or participant) is to advance up the lane prior to all shooters taking their shot. This WILL result in the shooter at the stake being disqualified and possibly the entire group. Parents may walk with the Youths or Cubs at the Championship, any type of coaching, or carrying shooters equipment is prohibited and could result in disqualification of the shooter.

Section H – Protests

1. Qualifier Shoots

a. A protest shall be made to the Qualifier Club at the time of the infraction. (No fee required.)

b. The decision of the Qualifier club will be final unless an appeal is filed with

M.A.C. Central within 48 hours along with a \$50.00 appeal fee and written protest.

c. The appeal will be heard at the next M.A.C. Board meeting. If the protester is found to be correct, the fee shall be refunded.

2. Championship Shoot

a. A protest will not be heard until the Host Club receives the \$50.00 fee and a written protest.

b. All protests must be filed within 2 hours after the range closes for that day.

c. All decisions of the Host Club are final unless a written appeal of that protest decision is received by M.A.C. Central within five working days of the Host Club's decision along with an additional \$50.00 appeal fee.

d. The appeal will be heard at the next M.A.C. Board meeting. If the protester is found to be correct, the appeal fee shall be refunded.

e. Championship exception is in force for protest of shooting time violations, no fee required; verbal protest range caption will start the process of verifying shooting time violations also known as slow play.

All decisions by the Board of Directors are final!

Section I – Sportsmanship

1. For the purpose of this organization, un-sportsmanlike conduct will be defined as “not characteristic of or exhibiting good sportsmanship: not sportsmanlike.”
2. Un-sportsmanlike conduct will not be tolerated from “ANYONE”; there will be **NO EXCEPTIONS** to this ruling.
3. Should un-sportsmanlike conduct be from a shooter, the shooter is automatically disqualified.
(No exceptions and no questions asked.)
4. Should un-sportsmanlike conduct be from any official participating in the running of a Qualifier and/or Championship Shoot, they will be immediately removed from their position by being asked to leave the course and not to return for the duration of the shoot. They too will have their score disqualified. (No exceptions and no questions asked.)
5. It will be the responsibility of the club holding the Qualifier or Championship to ensure that a non-biased action is performed for all parties involved.
6. Should a question arise whereby the shooter and the official disagree on what actually occurred, the shooter and or the official has the right to involve another official for a second opinion. No official should take action based solely on what another shooter stated. If an action has occurred in violation of the rule, it should be witnessed by one of the officials.
7. Littering or improper disposal of trash will be considered as un-sportsmanlike conduct.

Section J – Rule Violations

Any person in violation of the above said rules can be disqualified from that event and may be suspended from membership. Any person suspended from membership will not be allowed to shoot any sanctioned M.A.C. event for the remainder of that year or as directed by the M.A.C. Board. Anyone that is suspended from membership and violates this rule could be permanently suspended from M.A.C. membership and all of its sanctioned events. There will be no refund of fees to anyone that is suspended or disqualified for any reason. Any shooter, who disobeys shoot/range official orders, will be disqualified from that event and may be suspended from membership.
